

**Volume 84    No. 1    1993    (ISCEV 7.3)**

Rigaudière, F., J.-F. Le Gargasson, J.-E. Guez & Y. Grall, Colored focal visual evoked potentials by cathode ray tube versus scanning laser ophthalmoscope	1
Evans, L.S., N.S. Peachey & A.L. Marchese, Comparison of three methods of estimating the parameters of the Naka-Rushton equation	19
Lessel, M.R., A. Thaler, V. Scheiber & P. Heilig, The dark trough in clinical electro-oculography: Influence of preadaptation on amplitudes and latencies	31
Porciatti, V., G. Moretti, P. Ciavarella & B. Falsini, The second harmonic of the electroretinogram to sinusoidal flicker: Spatiotemporal properties and clinical application	39
Kennet, R., E. Meyer & I. Perlman, Visual function in hypermetropia: An electroretinographic and psychophysical study	47
Wali, N. & L.E. Leguire, Fundus pigmentation and the electroretinographic luminance-response function	61
Kato, M., R. Kobayashi & I. Watanabe, Cone dysfunction and super-normal scotopic electroretinogram with a high-intensity stimulus: A report of three cases	71
Müller, W. & J. Wünscher, Intraoperative diagnosis of retinal function	83
Machado, C., R. Santiesteban, O. García, P. Coutin, M.A. Beurgo, J. Román, J. Miranda, J. Suárez & G. Pfurtsheller, Visual evoked potentials and electroretinography in brain-dead patients	89
Miyamura, N. & Y. Uji, Effects of carteolol on the electroretinogram in the perfused cat eye	97
Instructions to ISCEV authors – 1993	105
Announcements	109

**Volume 84    No. 2    1993**

Janssens, M. & S. Blockhuys, Tolerability of levocabastine eye drops	111
Van den Bergh, L., T. Zeyen, J. Verhelst & Ch. Mahler, Wolfram syndrome: A clinicall study of two cases	119
Benitez del Castillo, M., A. Castillo, P.C. Fernandez & J.G. Sanchez, Clinical and metabolic factors associated with the blood retinal barrier permeability in insulin dependent diabetes mellitus without retinopathy	127
Frennesson, I.Ch. & U.L. Nilsson, Contrast sensitivity peripheral to an absolute central scotoma in age-related macular degeneration and the influence of a yellow or an orange filter	135

Zygulska-Mach, H., K. Krukar-Baster & S. Ziobrowski, Ocular toxocariasis in children and youth	145
Chandra Sekhar, G., A.K. Mandal & P. Vyas, Non specific orbital inflammatory diseases	155
Gündüz, Ke., Ka. Gündüz, S. Okudan & H. Özbayrak, An unusual fundus finding in a patient with optic nerve pit syndrome	171
Sandramouli, S., R. Sihota & N.N. Sood, Role of anterior retinal cryoablation in the management of neovascular glaucoma	179
Lange, W. & W. De Decker, Two therapeutic concepts in intermittent divergent squint	187
